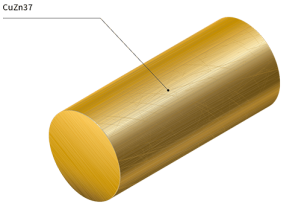
bercocut® 400

Brass wire for high taper angles

- **berco**cut® 400 is a very soft brass EDM wire
- Recommended and homologated for all Charmilles machines
- Suitable for highest demands of taper cutting

Technical data

Core	CuZn37
Tensile strength	400 MPa / 58,000 PSI
Elongation	>25%
Color	Gold



Delivery program

Diameter [mm]	0.25
bedra8-Spool: 8 kg	●
